Sololearn
Role

- Study HTML.
- CSS.
- JavaScript.

ZigZag CS
Role

- Work on HTML CSS JS.
- Made projects on it.

IEEE
Role

- In cs track web.
- Problem solving.
- Learn PHP and made project.
- Study PostgreSQL and made project.
- And Laravel.

_____

PROJECTS

Library Management System
- Make by React, SCSS and Bootstrap.
- Provide tools for admin and librarian.
- For admin CRUD user, filtering on it and get list of librarians by library name.
- For librarian CRUD genres, books, filtering on it and manage the transaction of user (borrow – reserve – return).

Two Personal Website
- Contains on HTML, CSS, JavaScript.
- Used media query.
- Its response for all devices.

Articles Site
- HTML, CSS, JavaScript.
- Dynamic website

Weather Web Application
- Contains on HTML, CSS, JavaScript.
- Used node.js to make server which get data from website openworldmap then post it in my server and update HTML with new data.
- It response for all devices.

Two Projects data students
- Write by oop PHP and PostgreSQL.
- View made by bootstrap.
- CRUDS.
- Full login and signup system.

Two Projects data products
- contains on PHP and MySQL.
- CRUDS
- Full login and signup system.
- View made by bootstrap.

Data students
- Write by Laravel.
- CRUDS and full login and signup system.

Sudoku Game
- Write by java and JavaFX.
- Made images by Adobe illustrator.
- Used oop.
- Depended on Recursion and Abstract.

X/O Game
- Developed by java and JavaFX.

Calculator Science
- Programing by java and JavaFX.

Problem Solve
- ICPC
- In CodeForce.

_____

SKILLS & LANGUAGES

Skills: C, C++, C#, Java, JavaScript, PHP, MySQL, PostgreSQL, Laravel, WordPress, CSS, SCSS, HTML, React, Node.js, Adobe illustrator, Unity.

Languages: Arabic, English
